To Whom it May Concern

Dear Sir/Madam,

RE: RECOMMENDATION FOR MR. ANDREW SHAWA

It is my pleasure to recommend Mr. Andrew Shawa, who is a member of staff in the Department of Library and Information Science. I have known Andrew for slightly more than five (5) years in my capacity as lecturer. He is a very focused and dedicated individual with a strong orientation toward serving others. Andrew possesses excellent analytical, public speaking, and writing skills, which are well-reflected in the detailed transcript of his academic results.

In both his professional and academic life, Andrew has demonstrated discipline and a strong commitment to work and service. He is very industrious and has a pleasant personality, making him well-suited for any work environment. During his time at the University, he showed great initiative, perseverance, and a willingness to share knowledge with people from diverse backgrounds. This proves beyond doubt his ability to complete a demanding academic program at any university.

I also wish to confirm that our department fully supports Andrew's decision to pursue further studies, and he will be granted approval for study leave to undertake his academic program. We believe that this scholarship will greatly enhance his professional development, and the skills he acquires will significantly contribute to Zambia's digital transformation.

I would therefore not hesitate to recommend Mr. Andrew Shawa for the Scholarship Programme. I am confident that this opportunity will further his expertise and ability to contribute meaningfully to the field of computer science and the broader technological landscape in Zambia.

Please do not hesitate to contact me for further assistance or clarification concerning the applicant.

Yours faithfully,
